

Greetings, 😊

Let us work together on some loans, Scenarios, and pricing together. AmWest has competitive rates with competitive programs.

We have an extensive list of products: Conventional, 2nd mortgage, FHA, VA, USDA, Jumbo, and NON-QM programs. Our products are also available for 1st time home buyers, 1st-time investors, foreign nationals, and more!!!!

Before sending your file to another lender, check out our rates and programs available. We may have something that could work for that Client.

Let me tell you a little bit about me in the company:

I have been working at AmWest Funding for over five years, with the training and knowledge of the process in each department. Before becoming an Account Executive, I had a role as an Account Manager; with this knowledge, I can move the files faster and work with UW efficiently. Making your files move Smoothly and Quickly.

I will be available to help you any time of the day, either on my personal or office phone.

Respectfully

Erick Hervis
