

## HomeStyle® Renovation Mortgage

# Borrowers now have an easy and affordable option to finance home renovations.

HomeStyle Renovation is a conventional mortgage that lets borrowers finance improvements, renovations or repairs to a home at the time of purchase or as a refinance transaction—up to 75% of the as-completed appraised value of the property.\*

### Flexible

Purchase or refinance option for any renovation project such as design updates or improvements, and even renovating accessory units like in-law suites or basement apartments.

### Affordable

Your borrowers can take advantage of competitive rates, which may be lower than a home equity line of credit (HELOC) or a personal loan.

### Simple

Standard pricing and conventional execution. Loans can be delivered even before the project starts and eligible for R&W relief once completed.

*(Conditions apply)*

## Bundle mortgage products for more flexibility and savings

Both HomeStyle Renovation and HomeStyle Energy mortgages may be combined with a HomeReady® mortgage, so your low-income borrowers can take advantage of the following features:

- Low down payment and cancellable mortgage insurance (restrictions apply)
- Potentially lower rates than other forms of financing such as home equity line of credit or credit cards
- **SPECIAL PRICING** – Get a \$500 LLPA credit when combined with the HomeStyle Energy product on energy upgrades (no energy report required for certain projects)

To become an approved HomeStyle Renovation lender, submit form 1000A to your Relationship Manager.

\*The limit on eligible renovation funds is up to 75% of the lesser of the purchase price plus renovation costs, or the "as-completed" appraised value for purchase transactions; and 75% of the "as-completed" appraised value for refinance transactions. For manufactured housing, the eligible renovation funds capped at the lesser of \$50,000 or 50% of the "as-completed" appraised value.

HomeStyle and HomeReady are registered trademarks of Fannie Mae.

We've simplified and expanded eligibility for HomeStyle Renovation.

	HomeStyle Renovation	Government Rehab Loan
Maximum LTV (1-unit owner-occupied)	Up to 97% (See Fannie Mae's Eligibility Matrix for specific details based on the loan transaction)	96.5% x Up to 110% of the "as-completed" value
Minimum / maximum renovation costs	For Purchase: Limited to 75%* of the lesser of the purchase price plus renovation costs, or the "as-completed" appraised value For Refinance: Limited to 75% of the "as-completed" appraised value	Standard 203(k) Minimum cost = \$5,000 Limited 203(k) Maximum cost = \$35,000
Can be used on ANY project	✓	✗ Eligible projects are explicitly listed; prohibited projects are explicitly listed Eligibility varies based on 203(k) Standard or Limited
Can finance accessory units (e.g. in-law suites, basement apartments, etc.)	✓	✓ Standard 203(k) ✗ Limited 203(k)
Applicable to manufactured homes	✓ No structural changes allowed	✓
Allows upfront draws	✓ Up to 50% of material costs	✓ Up to 50% of material costs
Includes contingency reserve / allowance	✓ Up to 15%	✓ Up to 20%
Easy loan delivery	✓ Conventional pricing / execution. Special approval required for loans delivered before renovation is completed.	✗ Requires FHA / GNMA approval
Rep & warrant relief eligibility	✓ Once renovation is completed (Subject to standard Selling Guide requirements on R&W relief)	✗ No R&W relief available
Can use ANY contractor / subcontractor for project	✓ Contractors must be licensed only when required by state law	✗ Contractors must be licensed per state / local requirement 203(k) approved consultants must be used
Requires proof of completion	✓ Form 1004D only	✓ Letter of Completion and Final Release Notice

Guidelines on delinquency	Loan must be current at the time of recourse removal, with no more than one 30 day delinquency during the renovation period.	Project extensions may only be granted if borrower is current. Lender may refuse to make further draws if mortgage is delinquent; project must cease if mortgage is in default.

\*For manufactured housing, the eligible renovation funds capped at the lesser of \$50,000 or 50% of the "as-completed" appraised value.

## FAQs

### Can lenders use HomeStyle Renovation financing on a manufactured home?

Yes, manufactured housing is eligible for HomeStyle Renovation financing, up to the lesser of 50% of the as-completed value, or \$50,000. The manufactured home must meet the applicable *Selling Guide* requirements in Section B2-3-02, Special Property Eligibility and Underwriting Considerations: Factory-Built Housing.

### Can an accessory unit be detached from the primary dwelling?

Yes, an accessory unit may be detached from the primary dwelling. All improvements related to accessory units must be in compliance with local and state codes and statutes. They also must meet the applicable *Selling Guide* requirements for accessory units in Section B4-1.3-05, Improvements Section of the Appraisal Report.

### Can landscaping costs be covered?

Yes, provided that the improvements are permanently affixed to the property.

### Is an energy report required when using HomeStyle Renovation for energy-related improvements?

It depends on how the transaction is structured as well as the types of energy improvements completed. If energy-related improvements are financed through the HomeStyle Renovation product without using HomeStyle Energy, an energy report is not required. In that case, the lender will not deliver the loan with Special Feature Code 375 and will not receive the \$500 loan-level price adjustment (LLPA) credit.

When combining HomeStyle Renovation with HomeStyle Energy, lenders will receive the \$500 LLPA credit if Special Feature Code 375 is delivered. The transaction will also be subject to the requirements under HomeStyle Energy when this option is used. Some improvements under HomeStyle Energy require the borrower to obtain an energy report while others do not. For additional information about when energy reports are required for HomeStyle Energy loans, see *Selling Guide* section B5-3.3-01, HomeStyle Energy for Energy Improvements on Existing Properties.
